

Kaixin PC explosion-proof film

Product property sheet

Describe

Kaixin polycarbonate explosion-proof membrane is produced by precision coating. It has high-strength adhesion, tensile strength, high elongation of 160%, resistance to strong acid and alkali, and can still maintain its performance at high temperatures, and its physical properties are in good condition.

Typical physical properties

Performance	Value	Unit	Standard test
Physical properties			
Transmittance	≥ 90	%	ASTM D1003
Haze	≤ 1.5	%	/
Dyne value	≥ 32	/	/
Release film peeling force	15 ± 5	g/25mm	/
Adhesion to glass	≥ 2000	g/25mm	/

Note: This test is for reference only and is not an absolute application indicator.
